2.0 MEGAPIXEL STARLIGHT 65' IR WDR HD BULLET CAMERA

Send HD video over standard RG59 coax cable

Capture vivid 1080p resolution video with this Alibi 2.0 Megapixel HD 65' IR bullet security camera that comes with a 2.0MP High-Performance CMOS.

With Smart IR technology, this camera is able to reduce overexposure of the IR LEDs at the center of the image and capture images up to 65' in the dark without washing out the subject at closer ranges. Together with the True Day/Night feature, this camera is an ideal solution for 24/7 surveillance.

A 2.8mm wide angle lens provides an impressive 103.0° FOV (Field of Vision), covering a large area. Up the Coax (UTC) technology enables you to control the camera's onscreen display (OSD) from your web browser, digital video recorder interface such as the Alibi Central Management System or smart phone app.

Enjoy HD-TVI's zero latency HD video and long-distance transmission over twisted-pair and coax cable or similar as it means you can keep your existing cables and upgrade your cameras with minimal effort.

The camera has a temperature rating of -40° to 140°F, and for protection from other outdoor elements such as dust and sand, the camera housing is IP67 weather-rated.
